

WORLD HISTORY FALL 2019  
GENERAL INFORMATION

Hello students and parents,

I'm looking forward to teaching World History this fall. I wanted to give you an overview of how I envision our class time. We will start each coop with Current Events Reports ( More on those in a moment). We will then have an activity/special speaker to enrich the reading from that week. There will be many opportunities for class participation and discussion. I encourage everyone to be respectful of others' opinions. My goal is that the class time will be a safe environment where everyone feels free to share their thoughts and opinions. The last ten minutes of class there will be a quiz over what was covered/discussed in class.

Mrs. Bush will be grading the assignments from the Student Activity Manual. Please place your manuals in the designated crate in the foyer when you arrive at coop. Class participation, quizzes and current events reports will also be included in your grade.

The Current Events Report will be completed utilizing the template provided. Please choose an event outside the United States. Complete the written report on the template to turn in and be prepared to share a 2-3 minute summary on the date assigned. Below is when each student's report is due.

I encourage everyone to look over the entire syllabus before the first coop. You will notice there are opportunities for students to choose the activity to complete. This is to provide an opportunity for the students to try different activities to see how they learn best and begin to take ownership of their education. We all learn differently at differing paces. I created the syllabus to be challenging but not overwhelming. Please be patient with me as I navigate teaching my first high school class. I'm excited to learn with this group of students.

Blessings,  
Mrs. Williams
