

An adventure awaits™

# HOMESCHOOL PROGRAM 2017

January 4th -

## Eye on Eagles

Learn about our national bird, the Bald Eagle.

February 1st - World of Weather

How does snow form? What causes a tornado? Find out the answers to these questions and more.

March 1st - Pollinators

Join us as we learn all about pollinators and why they are so important to our survival.

April 5th - Hip Herps

Get up close and study some of our favorite reptiles and amphibians.

May 3rd - Survival 101

What does it take to survive? Learn the basic principles and tools of survival.

June 7th - Gone Fishin' (1-4pm)

Grab your family and friends for a day of fishing fun! We will learn about fish, how to cast a line, and fishing safety. Supplies provided, but you may bring your own if you choose.

July 5th - Creepy Crawlers

Hike with us through the park as we hunt for insects, then we'll learn all about our six-legged friends.

August 2nd - Tree & Plant ID

From poison ivy to the mighty oak, learn how to identify the vegetation around you.

September 6th -

## Animal Enrichment

Find out what enrichment is, then help us make treats and toys for our animals.

October 4th -

## Grossology

We will discover some of the cool, gross habits animals have to survive.

November 1st -

## Invasion of the

### Invasives

What are invasives and why are they a threat to our native ecosystem? Come find out!

December 6th -

## Animal Outlaws

Skunks and raccoons and opossums, oh my! Learn all about these misunderstood animals.
